Yes, Remember.

REMEMBER. As you shove the plane, sweat over the anvil, hold the plow, or swing the scythe, or delve in the mines, that James D. Fay thinks a rich man should not be taxed and should uphold in idleness by your toil. He thinks the rich bondholder should pay taxes as well as you, and that he as well as you, should bear his proportion of the public burden.—*Herald.*

YES, REMEMBER, "as you shove the plane or sweat over the anvil," &c., that the "public burden" about which Copperheads are now howling so loudly was incurred in the just and righteous effort to put down a rebellion gotten up by traitor *Democrats*, and to save the Union which *Democrats* strove with the frenzy of incarnate demons for four years to destroy.

REMEMBER, "as you shove the plane," &c., that the attempt to secede took place under the leadership of such *Democrats* as Floyd, who stole the public arms for rebels to use; Jeff Davis, whom JAMES D. FAY DECLARES HE WOULD NOW VOTE INTO THE UNITED STATES SENATE; Jo Lane, who declared in the United States Senate that, *secession was a* PARAMOUNT RIGHT *of any State*; who furnished one son to go and fight for the rebels and another to stay at home and *vote for the benefit of the rebel cause.* REMEMBER, that not a man outside of the *Democratic* party engaged in the foul conspiracy to break up the Union. REMEMBER, that every man who helped to conceive, to organize and develop the rebellion, was a *Democrat.* REMEMBER, that *Democrats* officered the rebel army, and composed its rank and file.

REMEMBER that *Democrats* and none others at the North, voted to embarrass the loyal government and thus directly aided the rebellion.

REMEMBER that not a single Union man North or South shoved a "plane," or sweat over an "anvil," or held a "plow," or swung a "scythe" in aid of the rebellion.

REMEMBER that *Democrats* North and South, *did "shove"* into the high places of the Confederacy, that *Democrats did "sweat"* on many a battle field, striving to crush the Union's brave defenders, to dishonor the old flag and to build up the infamous conspirators aristocratic Confederacy, that *Democrats did "hold"* the torch of the incendiary and musket of the traitor, that *Democrats did "swing"* the sabre in the cause of treason and in the course of the war did mow down many a brave and loyal regiment of soldiers, that *Democrats did "delve"* in the mines by which Union soldiers were blown up as they marched against treason.

As you "shove the plane, or sweat over the anvil, or hold the plow, or swing the scythe, or delve in the mines," REMEMBER how many good and true and noble men, who, before the *Democracy* inaugurated the rebellion, shoved the plane, or sweated over the anvil, or held the plow, or swung the scythe, are now sleeping the sleep which knows no waking, who laid down the plane, the hammer, the plow in the furrow, the scythe in the swath, and rushed to the rescue of their beloved country when it was assailed by conspiring traitorous and assassinating *Democrats.*

YES, REMEMBER the almost countless lives laid down, as noble sacrificial offerings, to save the Union from the *Democratic* moloch of rebellion. You will need no reminder to make you REMEMBER the black pall of misery and desolation which fell upon half of the hearthstones of the North, as one after another, husbands, fathers, sons and brothers went down before the murderous hail of bullet and shell, hurled by *Democratic* instigation and by *Democratic* soldiers commanded by *Democratic* officers.

YES, REMEMBER, working man, that every life lost in the terrible war, was a sacrifice to *Democratic treason*, that every woe, public or private, growing out of the war, was sent to your bosoms by *Democrats.*

REMEMBER, *as you pay the taxes* that every cent of the increase above former years, was added to the "public burden" by the *Democratic* attempt to destroy the Government which protected you, that every dollar of it is a *Democratic* legacy, that your "*plane*" is taxed to pay the expense of whipping *Democrats* into submission to the Constitution and laws; that your "*anvil*" and hammer are taxed because *Democrats* wanted to establish a government based on aristocracy and slavery, without any "mudsills" in it, that your "*plow*" and the products of your farms are taxed because you and the working men of the North would not consent to let the *Democratic* States and *Democratic traitors* break up the Union and humble Northern industry to the beck and nod of arrogant Southern slave-masters; that your "*scythe*" and your hay pay taxes levied upon them by *Democratic* treachery; that your "*mines*" lie undeveloped because of a *Democratic* war, and that every product of them is taxed to pay for *Democratic* perfidy.

REMEMBER that everything you eat or drink or wear, that you buy or sell, is taxed to pay the cost of *Democracy.* Every working man gives a part of his labor and "*sweat*" to pay the "public burden" of *Democracy.*

REMEMBER that the preservation of the Union was your sacred trust, that to save it from the throttling grasp of *Democratic* traitors, the "public burden" of taxes was an absolute necessity; that *Democratic* traitors *created that necessity*, that but for *Democratic* treason, the people never would have learned the meaning of oppressive taxation, that *Democrats* are the authors of the "public burden" of taxation.

REMEMBER that *Democrats*, after bringing upon the country all the woes it has suffered, and all the "public burden" of taxes, now falsely charge its responsibility upon *you*, the loyal men who would not yield up your glorious Union on the altar of *Democratic* hate, that after creating the "public burden," *Democrats* are howling with *Democratic* hypocrisy over your afflictions.

REMEMBER that if you vote for James D. Fay or J. K. Kelly, or Lafayette Lane or J. O'Meara, or John C. Bell, you vote for a *Democrat who sympathized with and aided to his utmost, the Democratic rebellion*, that if you vote for either of them you vote for a man who is *now howling for the admission into Congress of active* ZEALOUS AND UNWASHED AND UNREPENTANT REBELS, that if you vote for either of them, you vote for a man shameless enough to declare in public that HE WOULD ADMIT JEFF. DAVIS INTO THE UNITED STATES SENATE without any guarantee of fidelity to the Government.

REMEMBER that if you vote the Union ticket you vote for men who always stood faithfully by the Government, and who will continue to stand by it and foster it and protect it from Democratic treason, and from the assaults of all other enemies; that if you vote the Union ticket you vote for men pledged that only "LOYAL MEN SHALL GOVERN THE PRESERVED REPUBLIC."

The Union majority in Connecticut averages over one thousand. After all their boasting the Copperheads have gained only a few hundred in a total vote of 87,000.

The Source of their Inspiration.

The Democratic candidates Fay and Kelly, when hard pressed by their opponents, have a single and invariable argument which they trust to as their sheet anchor—their final resource in every great emergency. This species of argument, according to our recollection, is not defined by Aristotle, Whateley, or any other rhetorician, ancient or modern, unless we include Touchstone among the number. According to the last named philosopher, this argument is more powerful than any other, is of quick and ready application, and may be employed on any occasion, and by the unlettered clown as well as by the learned schoolman. It is denominated by Touchstone as the "Lie Direct." Fay and Kelly are masters in the use of this weapon. They multiply and intensify its force by the profixion and addition of explatory and suppletory expressions which, (to avoid what respectable people call profanity) we will not repeat here. Our neighbor of the *Herald* praises Kelly for his skill in handling this style of argument, and triumphantly points to his great achievements with it as indubitable proofs of what Nasby calls the "hoftiness of the Democratic intellect." Now it is well known among the Democracy that the facility with which this, their favorite weapon may be used, depends to a great extent on the amount of the valor-inspiring beverage (whisky in the vulgate) which is brought into requisition. Fay and Kelly understand this, and act upon it. Therefore we are to ascribe their great success in the use of the argument called the "lie direct," to the same source from which McDougall tells us all true inspiration flows. Says he: "Wine and oil (of corn) elevate us, enable us to seize great facts, inspirations which when once possessed are ours forever; and those who never go beyond the beastly means of animal support, never live in the high planes of life, and cannot achieve them." Better even than this, and more nearly suited to the cases of Fay and Kelly, is the philosophic disquisition on the same subject by that prince of guzzlers, Falstaff: "A good sherris-sack hath a two-fold operation in it. It ascends me into the brain; dries me there all the foolish, and dull and crudy vapors which environ it; makes it apprehensive, quick, full of nimble, fiery and delectable shapes which delivered over to the voice, which is the birth, becomes excellent wit. The second property of your sherris is the warming of the blood, which before cold and settled, left the liver white and pale, which is the badge of pusillanimity and cowardice; but the sherris warms it, and the heart great and puffed up, doth any deed of courage; and this valor comes of sherris." After this citation of acknowledged authorities, who will doubt that the ability of Fay and Kelly in the use of their favorite argument, together with their courage in the employment of it on all occasions, comes from the frequent potations in which it is known that they habitually indulge?

THE USUAL DEMOCRATIC ARGUMENT.—We learn that Fay, in his speech at Salem, ranted for a considerable length of time about the McMinnville *flag* roorback, and then swelling himself like a toad trying to become an ox, frothily roared out, "Whoever heard of a Democrat tearing down the American flag?" Repeating it, some man in the audience replied, "I have heard of one such." Fay disproved the man's statement instantly by the usual Democratic argument—"YOU ARE A LIAR."

Of course after this nobody will *dare* say that *democrats* pulled down the American flag at Fort Sumter! O, no; it was "Abolitionists" did that! Nobody will dare say that Democrats buried the American flag at Memphis! O, no; that was done by Abolitionists! Nobody will dare say that *Democrats* by an act of their Confederate Congress wiped out the American flag in eleven democratic States and substituted a treason-rag with eleven stars and three bars! O, no; 'twas the "freedom-shrieking Abolitionists!" Nobody will dare say that by the rebellion of democrats, the American flag was pulled down from every staff in eleven States! O, no, impossible! for Fay says Democrats don't do anything of that sort! Nobody will dare say that Fay himself, declared that the rebels when they pulled down the American flag, were only exercising the *Divine right of secession!* O, no; 'twould be of no use! Fay, the sturdy Democrat that he is, would disprove it instantly and utterly by that pat Democratic argument—"YOU'RE A LIAR!"

WOULD RESTORE SLAVERY.—Mr. Reed, a Democratic light, said the other night at the Democratic Club Rooms, that slavery is not abolished—the Constitutional amendment abolishing it was unconstitutional, and, therefore void. The Democrats in the crowd applauded the expression.

James D. Fay, in a speech in the Legislature last December, said of the amendment:

> "This amendment does not relate to the rights of one or a number of States, but to a species of property that has heretofore been regarded sacred by the Constitution and laws of the United States. Now I say that the whole history of the politics of this country goes to prove that this species of property has always been regarded as property by all the great statesmen in the Union.
>
> * * * * * * * *
>
> Congress has no right to interfere with the institution. Why? Because the Constitution does not give that right. Why did the Constitution not give Congress that right? Because slaves were the private property of the citizens of the States, and Congress could not do it without interfering with the domestic relations of the States. Now we are attempting to give Congress the power to interfere with those relations. What guarantee have we that Congress cannot interfere with polygamy in Utah? Will any gentleman say that Congress has a right to interfere with that relation? Certainly not. Neither Congress nor the Constitution has the right to do it, because it would be a destruction of the superstructure upon which the government rests. This is equally true of all the other domestic relations, husband and wife, parent and child, guardian and ward."

Then, of course, Mr. Fay, deeming the amendment unconstitutional, would vote, if elected to Congress, to abrogate it and restore slavery! Do the people of Oregon want that accursed institution revived? If not, do not vote for Fay.

CRONIN ON THE STUMP.—The Astoria *Gazette* says of Cronin's effort at Astoria a few days since:

> Mr. Cronin demolished his own sophistry by admitting that the Democratic party was opposed to coercion.

Mr. Cronin might have said also, with perfect truth, that Democrats stuck to their creed and *didn't "coerce."*

Again:

> Mr. Cronin did not make a single vote for his ticket, but lost not less than five or ten by his speech Saturday evening.

Good for Cronin! Go again, Cronin! Stick to the stump, Cronin! Permit yourself to be heard, Cronin!

The Tactics of the Weller Family

To gratify the public curiosity we feel it our duty to explain the reason of the appearance in Oregon of John B. Weller of California.

"The main thing in law, Sammy," said the senior Mr. Weller of Pickwickian fame to his distinguished son, "the main thing in law is to prove a alleybi. Nothing like a alleybi, Sammy, nothing." Instructed by the wisdom of his illustrious namesake (whether also a relative we are not precisely informed,) Mr. John B. Weller comes to Oregon as a witness for the Democratic party, thinking that if the profound legal opinion of the elder Mr. Weller be properly heeded and adroitly followed, it will redound to the advantage of the Democracy.

That party is now arraigned before the people of Oregon for having been faithless to the country in the hour of its sorest need. It is on trial for having been accessory to the fearful crimes which treason has lately committed. Its friends see in the progress of the trial the certainty of conviction, and have therefore hastily sent for John B. Weller "to prove a alleybi." Happy thought! How greatly beyond their utmost power to recompense him, are the Democracy indebted to the senior Mr. Weller for his sage legal observation!

"Never mind the character, Sammy," continued Mr. Weller the elder, "my advice 'ud be stick to the alleybi." Following this admonition Mr. John B. Weller mounts the witness stand and swears you vehemently that the Democracy were not on the side of treason during the war, but that it was they, and they alone, who stood up for their country, prosecuted the war died in the trenches and on the battle-field, and finally crushed the rebellion. "'Twas the Abolitionists," persists the witness, "who sided with the rebels. Curses upon these recreants!" And then follow imprecations and maledictions to which the curses that Suffolk invoked upon his enemies, and the terrible anathemas of Ernulphus are as nothing.

"And now, Sammy," concludes the senior Weller, "my 'pinion is that if your Governor don't prove a alleybi"—it's very evident from this language that Governor Weller of California is the person meant,—"if your Governor don't prove a alleybi you'll all be what the Italians call reg'larly flummoxed, and that's all about it." So the trial goes on, the Democratic party frantically endeavoring "to prove a alleybi"—to prove that instead of having been with the traitors during the rebellion, it was on the other side—or somewhere else. But the effort is fruitless. Spite of the "Governor's" endeavors, the "alleybi" can't be proved, and as a consequence, the Democratic party is deemed to be "reg'larly flummoxed" when the verdict is rendered in June.

"Oh, Sammy, Sammy," cried the elder Weller in distress, "I know'd what 'ud come o' this mode o' doin' bisness! Oh, Sammy, vy worn't there a alleybi!"

State Items.

We notice that the Ellendale Woolen Mill is now in full and successful operation.

A horse-thief, on the night of the 10th, stole a valuable mare from Mr. W. E. Clark, of Polk county.

The Columbia river at the Dalles had fallen about three feet in twenty-four hours up to Tuesday afternoon.

Messrs. Wall & Dugan of Jackson county are taking steps toward the erection of a telegraph line from Jacksonville to Crescent City.

The *Mountaineer* of Tuesday says that Wells, Fargo & Co., brought from above $100,000 in treasure, the day before, a large portion of which belongs to the citizens of the Dalles.

The *Mountaineer* says that Capt. Small's Company of Oregon Cavalry arrived at the Dalles on Monday and left on Wednesday for Vancouver to be mustered out of the service.

Dennis Crawley, filed a complaint in the Circuit Court, on the 12th, against E. R. Anderson, in a case of ejectment for the "Forty Nine," and other mining claims in Phœnix Precinct, Jackson county.

The Spring races over the Bybee track, Jackson county, begin to-day. Some of the best stock of Oregon and northern California is said to be present, for test of speed and bottom. The purses offered are handsome. The racing is to be governed by California rules.

Mr. Tweed, from Wagner Creek, says the *Sentinel*, showed us some quartz a few days since, which, to our uninitiated eyes, looks well because gold could be seen in fine specks all over the pieces. The lodge is located on Wagner Creek. Parties are sinking down upon it for the purpose of prospecting.

A letter from Umatilla to the *Mountaineer* states that the Circuit Court was in session last week at that place. There were twenty nine criminal and thirty two civil cases on the docket. Williams and Daniels were convicted of robbing the safe at the Orleans Hotel, and sentenced to the penitentiary, each for six years. Alderman, charged with the murder of Stoughton, was acquitted.

We find the following item in the *Sentinel*: "By the politeness of Mr. J. T. Glenn, we saw a letter from Messrs. Dugan & Wall, stating that Mr. John Pearson run off the grade near Low Divide. Mrs. Allred and three children were on the wagon at the time. They are all badly injured, and it is feared that the youngest child will not recover. His wagon and cargo was also much damaged."

The Astoria *Gazette* says: "We we are likely to have something of this kind in this neighborhood. C. Leinenweber, Esq., has commenced the construction of an extensive tannery, and boot and shoe manufacturing establishment, on the little rill just east of the old custom house office, and will prosecute the works with energy so as to commence operations in tanning in about three months."

The *Statesman* says, "Mr. George G. Gibson and his son, Samuel, met with a severe accident, on Thursday while taking down a barn frame on their farm one and a quarter miles above Salem, in Polk county. They were engaged in taking off the plates of the building, when the frame fell with them, breaking three ribs of Mr. Gibson, sen., and injuring him otherwise internally. Samuel escaped with severe sprains of one wrist and ankle."

The following is the ticket nominated by the Union party of Josephine county: *For Representative*, E. B. Southworth, *County Judge*, Campbell Caldwell, *Commissioners*, Geo. E. Logan and Simon Messinger; *Sheriff*, Thomas F. Floyd, *Clerk*, Ralph J. Forbes, *Treasurer*, S. W. Sawyer, *Superintendent Common Schools*, Simon McCallister; *Assessor*, Alexander Watts, *Coroner*, W. A. Gibson. The *Sentinel* says the entire ticket will be elected.

The Copperheads of Josephine county have nominated for Representative, Mr. Cox, who was the rebel colleague of Messrs. Fay and Lane in the last Assembly, and the same who eulogized in the highest terms such men as General Lee and General Stonewall Jackson, comparing them with George Washington. The Copperheads, everywhere, have put in nomination the men who were the most uncompromising enemies of the Government and who most admired and sympathized with the rebels.

The *Sentinel* says, "From a letter from Lieut. Oatman, written from Klamath: We learn that Paulina, the Snake Chief, with all of his 'tillicums,' have left the Indian Reservation, for parts unknown, it is believed by the Klamaths that he has gone to join Howlock. The Klamaths followed after him as far as Silver and Summer Lakes, and could find no trace of him. We would suggest to those traveling from Red Bluff and Chico, through the Snake country, that it would be well for them to keep a sharp lookout for these freebooters."

Results of Democracy.

Scene, Lafayette, May 10th, 6 o'clock P. M. (Lane's boy having just finished his speech.)

J. D. (*in a loud voice*) Kelly whisky free! All you who vote the Democratic ticket, come up and take a drink free! All the whiskey you want—come up every Democrat and get a free drink.

Scene, the same, 6 o'clock, A. M. May 11th.

Both whisky "deadfalls" and Blubber Smith's store discovered to be on fire. All the Democratic strongholds completely destroyed. *Courier* editor drunk in the middle of the street and so escaped.

GEN. GRANT'S OPINION.—Gen. Grant, who led the Union arms to victory, and who more perhaps than any man, knows the condition and disposition of the late rebels, said in a letter to the President, December 19th, 1865, of the Freedmen's Bureau:

> In some form the Freedmen's Bureau is an absolute necessity until civil law is established and enforced, securing to the freedmen their rights and full protection.
> * * * * * It cannot be expected that the opinions held by men at the South for years can be changed in a day, and therefore the freedmen require for a few years not only laws to protect them, but the fostering care of those who will give them good counsel, and on whom they can rely.

The Copperheads inveigh against the Freedmen's Bureau in any or all forms.

THE CANVASS.—Gov. Gibbs and Col. Hawkins are on their tour through the valley, and are doing most efficient service for the Union party. They will speak at Silverton on Saturday next at eleven o'clock A. M., and at Salem in the evening of the same day. On Tuesday next they will speak in Portland.

The article on the outside under the title "A $10,000 Swindle," is based upon the authority of the Oregon *Statesman* of 1858—when Mr. Bush was its editor—Democratic authority.

MOUNT HOOD.—Realart consists in portraying anything as near true to Nature as possible. Bierstadt, and others, for instance, have lately furnished the art world with some excellent views of the above celebrated mountain peak. Photography is beyond doubt the only branch of art which actually depicts Nature, just stop into ELLSWORTH & CARDWELL'S GALLERY AND MUSEUM, 60 FIRST ST., and convince yourself of the truth of this statement. my24

[DISPATCHES TO THE OREGONIAN.]

DATES TO MAY 21.

Spanish Fleet Repulsed at Callao.

NEW YORK, May 21.—The Panama *Star and Herald Ext[ra]* of May 11th, has the following: "The United States flag ship *Vanderbilt* and monitor *Monadnock* arrived in the harbor of Panama on the evening of May 11th, having left Callao on the 6th. From these vessels we have news of the bombardment of Callao and the result. The action commenced at noon from the shore batteries, the fire being returned by the *Villa de Madrid* and *Blanca* on the northern side of the harbor, and the *Numancia*, *Resolution* and *Almanza* on the south. The *Villa de Madrid* and *Berenguela* were badly damaged early in the fight and they were obliged to withdraw to San Lorenzo, and were afterwards followed by the *Numancia* and the rest of the fleet. All were more or less damaged, and the Spanish Admiral was said to have been badly wounded. During the fight Senor Galvez, the Peruvian Secretary of War was killed by an explosion in a battery. The fight lasted till 4 o'clock P. M., when it was terminated by the withdrawal of the Spanish fleet. Very little damage was done to Callao. A few hundred dollars worth of property was destroyed, and ten Peruvians reported killed and wounded.

Nothing reliable has been heard of the loss of the fleet, but it was supposed to be heavy. It was not known whether the Spaniards would resume the attack, but it was supposed they would not at present. The Spanish defeat was received at Panama with great enthusiasm. Advices from Valparaiso to the 18th of April report that the blockade has been raised and that the Chilean government have in force the import and export duties existing before the blockade. Mails dull.

In Congress.

WASHINGTON, May 21.—In the Senate Wilson, from the Military Committee, reported the bill creating the grade of General.

Wilson offered a resolution which was adopted, directing the Judiciary Committee to inquire into and report as to the expediency of adopting a uniform mode of electing U. S. Senators by Legislatures.

In the House, McRuer introduced a joint resolution authorizing the Board to pay for letter carriers at San Francisco. The resolution was referred to the Post-office Committee.

Hitchcock of Nebraska introduced a bill creating Omaha and Nebraska City ports of entry. Referred to the Committee on Commerce.

Bradford, of Colorado, introduced a bill in relation to trade and intercourse with Indian tribes. Referred to the Committee on Indian Affairs.

FROM THE NORTH.

VICTORIA (V. I.) May 21.—The report of the Special Commission in the matter of the loss of the steamship *Labouchere* is published. The Commission unanimously censure Captain Mouat for not testing his compasses by swinging his vessel before leaving San Francisco Bay. They also censure him for not running nearer shore after striking and also for saving private property and suffering the Royal mail to go to the bottom.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held last evening, at three o'clock. Mayor Failing presiding.

The following members were present: Messrs. Lownsdale, McCraken, Plummer, Rosenheim, Thompson, Strowbridge and Watkins.

The minutes of the previous meeting were read and approved.

John Emmons was granted the use of a portion of Morrison street, at the corner of First, for 30 days to building. Jas. Ogden & Green were granted a portion of Washington street, for the same purpose, for 15 days.

A petition signed by Hon. A. C. Gibbs, Dr. Watkins, Messrs. Williams, DeWitt and Hay, asking that the grade of Taylor street be changed, was referred to the committee on streets and public property, which committee reported favorably, and an ordinance changing grades at the intersection of Seventh street to 59 feet, at East Park street to 71 feet, and West Park street to 70 feet above the established base of grades, was passed.

The committee on streets and public property reported that the petition for the improvement of Salmon street, was signed by the required number of petitioners, but did not sufficiently describe the character of the improvement, and ordered notice of the proposed improvement be published, which passed carried.

The same committee reported adverse to the proposition of Mr. Byrd, to grade Market block 172, which report was adopted.

A report of Engineer Walker, concerning the river navigation improvements, was ordered on file.

Warrants were ordered in payment of claims as follows: J. H. Perry & Co., improvement of First street, $1,101 31; S. & D. Simmons, improvement of Madison street, $850; H. L. Pittock, advertising, 14; A. McNamee, hauling trees on plaza, $4; A. M. Sharkey, setting glass at Council Chamber, $1 25; Willamette Iron Works, balance on account of changing dredger to snag boat, $410 07, various claims on account of river improvements, $157 21.

An ordinance appropriating $34 181 81 to the payment of contractors on the First street improvement passed.

An ordinance establishing and defining A street passed.

On motion of Mr. McCraken, a warrant for $000 was ordered, in payment for a submarine armor, to be used in the improvement of river navigation.

On motion of Mr. Plummer $100 in addition to $000 already appropriated, was allowed for erecting hydrants on First street.

On motion of Mr. Watkins, notice of a change in the grade of Morrison street was ordered published.

On motion of Mr. Lownsdale, notice of the proposed improvement of Salmon street, between First and East Park streets, was ordered published.

On motion of Mr. Watkins the Council proceeded to elect commissioners to assess damages and benefits, to opening North Tenth and North Ninth streets, through the grounds of P. Raleigh.

The following named gentlemen were appointed: Messrs. Josiah Failing, A. H. Johnson, and W. S. Ladd. The day of meeting for the Commissioners appointed was set for Wednesday, May 30th, 1866.

Council adjourned.

NO BEND PASSENGERS.—An acquaintance who has lately been to Victoria assures us that the statements of the Victoria Chamber of Commerce—false as they are—regarding the route to Big Bend from that place, have induced hundreds of men with limited means to go that way from California, but they find that the prices set forth in the posters of the Victorians do not begin to cover half the expense. Many have found themselves "flat broke" upon reaching Yale, and in no instance has a man got through with less than three times the expense set down by the Victoria Chamber of Commerce. Much of the gain the robbers reported, but these items are suppressed by the "intelligent" miners, and the press of the Colonies. Our informant assures us that hundreds of men who were persuaded to go by way of Victoria are now in various parts of the country seeking work for a living, having expended all the money they had, and are unable to proceed any farther. This is wrong principle to thus deceive people, and if we are not much mistaken our Victoria neighbors will find it so to their regret. How different does the route to Big Bend by way of the Columbia river contrast with that, by the way of "Kamloops Lake" and the "Shuswap trail." Here, as fine steamers as are to be found in the American waters are making regular trips almost daily to within fifteen miles of the mines, and the only land travel is over an easy route 100 miles between White Bluffs and Little Dalles. The very center of the Big Bend mines is but eight or ten days travel from Portland by this route, and the Colonial papers admit the fact in their columns, adding that it is well that it is so while supplies are so urgently required in those mines. If San Francisco was not so blinded by its petty jealousies of Portland the press of that city could prevent much suffering by stating the facts with regard to the matter. Notwithstanding the contradictions of the Victoria papers, we know it to be a fact that the Hudson's Bay Company ship their supplies to Fort Sheppard via the Columbia river, and all the tools used by the Colonial government in constructing the trail from La Porte to the mines of French and Carnes creeks go by the same route. Will the papers of San Francisco and Victoria make a note of this?

DEPARTURE OF THE SIERRA NEVADA.—The steamship Sierra Nevada, Capt. Francis Connor, left for San Francisco last evening at 6 o'clock. Her cargo consisted of 1,089 packages, as follows: 370 boxes apples, 60 bales wool, 400 sacks flour, 1 coop chickens, 7 gunnies dried fruit, 9 gunnies venison, 200 packages produce, 6 rolls leather, 3 bales skins, 31 packages merchandise. Treasure the amount of $106,000 was shipped as follows, by

Wells, Fargo & Co.	$120,000
Ladd & Tilton	32,000
Griswith Bros.	4,000
Total	$106,000

ARRIVAL OF THE MONTANA.—The steamer Montana of the "Anchor Line," opposition, arrived yesterday morning from San Francisco, bringing 433 tons of assorted merchandise, and 234 passengers, 101 of whom were in the cabin. This is the sixth trip of the Montana to this port, and there is no appearance of her being "hauled off." She has increased facilities for discharging freight, which were added on the last trip.

ANOTHER SMART DOG.—A gentleman yesterday laid a package of greenbacks on a box at the O. S. N. Company's wharf, while attending to some business, and in a moment afterwards missed the package. A great mystery attended its disappearance, which was only explained when a dog was discovered in another part of the wharf playing with the package. He had taken the greenbacks at par and was fast disbursing the amount.

SUDDEN DEATH.—Mr. W. S. Quinney was followed to the grave yesterday by numerous of his late friends who were pained to learn of his sudden death. He was ill but a short time. Mr. Quinney was arranging his business to leave the city for a residence in lower California, but he fell a prey to the destroyer death too soon to realize his anticipations. He leaves a family in this city.

ACCIDENT ON BOARD THE ORIZABA.—A passenger by the Orizaba, informs us that on the late passage of that steamer to this port, a sailor fell from a yard-arm to the deck, breaking or seriously injuring his arm, and badly bruising his face. He was taken care of on board the ship as well as the circumstances would permit, and upon her arrival here, the man was placed in better care on shore.

THE SCHOOL MEETING.—The school meeting was so poorly attended on Tuesday evening that it was deemed advisable to adjourn until Monday evening next, at which time the tax payers are expected to meet, at the Central School House, and attend to important business. The question of a new building for the lower ward is one that requires some attention.

TIME OF THE ORIZABA.—Our friend Martin Bulger, Esq., an old Oregonian, is at present, chief engineer on board the Orizaba. He is a gentleman, (but not of the Burns stripe,) and feels a pride in his business. Recent alterations made in the machinery, under his direction, have given the Orizaba greater speed, and the last trip was made from San Francisco to Portland in 62½ hours, running time.

ARRESTED.—Steve, Cardiff, John Holmes, and B. Waterman, were yesterday arrested by officer Saunders after a long chase, and lodged in jail for their appearance to-day before Justice Hoffman, on a charge of creating a riot at a peaceable saloon on Alder street, kept by Mr. Dubs Simonds, whom they assaulted and beat, when he attempted to make them leave the saloon.

PETTY THIEVES.—The petty thieves of the city have turned their attention to the flower gardens. Yesterday morning Mr. C. S. Silver lost from his door yard a number of handsome flowers in full bloom, and he will pay a reward for the apprehension of the thief.

CONCERT.—A Grand Vocal and Instrumental Concert is announced to come off at Oro Fino Hall on Thursday evening, June 7th, as a complimentary benefit to Prof. Grob, by the Turner Gesang Section. The Concert will be under the direction of Prof. Grobe.

FASHIONABLE.—We would recommend our lady friends, if they are in want of the latest style of a Bonnet or Hat or the most choice Flowers, received per last steamer, to call at the Show Rooms of Mrs. J. Loryea, corner of Sixth and Stark streets.

LUMBER.—The steamer John H. Couch, Capt. Snow arrived at Ainsworth yesterday morning, having in tow the barge Lelona with a cargo of lumber for street work, from Rainier.

RAFFLE FOR PICTURES.—The raffle for the two large engravings of Kilbourne's, is to come off at the Merchant's Exchange saloon to-night. A few more chances are yet open for takers, and the pictures are fine ones.

"PIPING TIMES."—One would think these piping times, to take a look at the gas-fitting establishments of the city. Myers was yesterday receiving pipe enough to connect gas for the entire campaign on both sides.

CONTRACT LET.—Messrs. Seller and Bloom yesterday let the contract for three new brick stores, 50 by 25 feet two stories, on Front street to Mr. John Weston.

THE UNION CLUB.—Mr. Coples of Vancouver will speak this evening at the Union Club Rooms. A rousing meeting may be expected.

THE RIVER.—For twenty-four hours ending at 1 o'clock yesterday, the river at this place had receded four inches.

HOSTETTER'S
CELEBRATED STOMACH BITTERS

READ AND REFLECT.

Make sure of HEALTH—"But how?" you ask;
We answer, 'tis an easy task,
Strengthen the STOMACH, and sustain
The NERVES, the servants of the brain.
The LIVER keep in active play
And regulate, from day to day,
Each organ aid, on Nature's plan,
Brace and refresh the INNER MAN,
And like a watch that's kept in chime
By constant care, with railroad time,
The system's tone and strength renew,
And thereby cheer the spirits, too.
"How," you inquire, "can this be done?
This Victory o'er Disease be won?"
"HOSTETTER'S BITTERS," we reply,
Is HEALTH'S SUPREME PROTECTION—TRY!

As a means of regenerating the disordered and enfeebled system, regulating every function of the internal organs, reviving the depressed spirits, invigorating the constitution, and prolonging life, no medicinal preparation either of the past or the present time, has been so completely and universally successful as

HOSTETTER'S CELEBRATED STOMACH BITTERS,

Against the vapors foul prepare,
That fever-taint the heavy air
Drink not unmixed the water found
In prairies woods or marshy ground.
If sedentary toil you ply,
Nature you must assist—or die—
For when debarred from exercise
For artificial aid she cries.
Medicine's grand purpose and intent
Is threatened evil to prevent.
And if you'd be relieved or spared
In all ills that crush the unprepared,
Hostetter's Bitters use—for note
They are the SUREST ANTIDOTE.

To set at defiance the miasma of unhealthy soils, the poison of unwholesome water, the effluvia of crowded work-rooms and factories, and the baneful influences of sedentary employments, it is only necessary to be fore-armed with

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Dyspepsia's pangs, that rack and grind
The body, and depress the mind.
Agues, that as they go and come
Make life a constant martyrdom,
Colics and dysentric pains,
'Neath which the strong man's vigor wanes,
Bilious complaints, those tedious ills,
Not conquered yet by drastic pills,
Dread diarrhoea that cannot be
Cured by destructive mercury;
Slow constitutional decay
That brings Death nearer, day by day,
Nervous prostration, mental gloom—
Heralds of madness or the tomb.
For these—though mineral nostrums fail—
Means of Relief at least we hail,
HOSTETTER'S BITTERS—medicine sure,
Not to prevent, alone, but cure.

In dyspepsia, fever and ague, bilious complaints constitutional and nervous debility, constipation, sick headaches, spasms, and in all complaints of Man or Woman, proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

Dr. Hostetter's Stomach Bitters. These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague, Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous, they give a healthy tone to the system, relieve all morbid matter, and in fact thoroughly cleanse the system of all impurities. In no case has it been known to fail, but on the contrary, new virtues have been found in its use. To those afflicted with any of the above ills of the body, the "Bitters" are offered as a speedy and certain cure. Try them and form your own opinion.—Sold by Druggists and dealers everywhere. my20 HODGE, CALEF & Co., 97, Front St.

The reason why so many die with Consumption is because they neglect to use the proper remedy in season. S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities, and warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure, and must supercede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

A Rebel's Insolence.

Eastern journals give us a full report of the testimony of Alexander H. Stephens before the Reconstruction Committee of Congress. His declared sentiments prove him still a traitor. He is visited with no compunctions for what he and his fellow traitors have done, but talks as if themselves instead of the loyal people of the country, were the injured party. Forgetting that they who rebelled, have by their own acts divested themselves of whatever rights they once possessed, Stephens assumes the air of a magistrate instead of that of a culprit and insolently rebukes those by whom his crimes should be judged and punished. He undertakes to teach those who have saved the Government their duties under the Constitution! The South has done no wrong! The war which was carried on by the Government was an unjustifiable attack upon the Southern people for asserting the undoubted right of secession, and the victors being the party which is in the wrong, the vanquished have the right to *demand* the immediate restoration of all their former privileges under the Constitution! He says:

> The people of Georgia, as I have said, would not willingly do more than they have done for restoration, the only view that could possibly justify the war which was carried on by the Federal Government against them was the idea of the indissolubleness of the Union, and since that was accomplished, since those who had assumed the contrary principle, the right of secession, and the reserved sovereignty of the States, had abandoned their cause, and the administration here was successful in maintaining the idea upon which war was proclaimed and waged, and the only view in which they supposed it could be justified at all and when that was accomplished I say the people of Georgia supposed their State was immediately entitled to all her rights under the constitution that is my opinion of the sentiment of the people of Georgia, and I do not think they would be willing to do anything further as a condition precedent to their being permitted to enjoy the full measure of their constitutional rights; I only give my opinion of the sentiment of the people at the time, they expected that as soon as the Confederate cause was abandoned the States would immediately be brought back into their practical relations with the government, as previously constituted; that is what they looked to.

Again he says:

> I do not think the people of Georgia would accept any conditions precedent (to restoration,) presented by Congress for they do not believe that Congress has the rightful power under the Constitution to prescribe such conditions; if Georgia is a State in the Union, her people feel that she is entitled to representation without conditions imposed by Congress.

For bold impudence and brazen effrontery, this is without a parallel. Here is a man who held the position of second officer in the conspiracy to destroy the Union and the Government, and who, now that wicked plot has failed, coolly tells those who have defended the Constitution against his assaults, and those of his friends, what the rights and duties and powers of Congress are, and that the "people of Georgia" will not submit to any conditions which Congress may require! It is the criminal judging the tribunal which is to try him. In answer to the question what it was that led him to identify himself with the rebellion and become one of its leaders, Stephens said:

> "I believed thoroughly in the reserved sovereignty of the several States of the Union under the compact of Union; I opposed secession, therefore, as a question of policy, and not one of right on the part of Georgia; when the State seceded, against my judgment and vote, I thought my ultimate allegiance was due to her, and I preferred to cast my fortunes and destiny with her and her people rather than to take any other course, even though it might lead to my self-sacrifice and her ruin. In accepting position under the new order of things my sole object was to do all the good I could in preserving and perpetuating the principles of liberty as established under the Constitution of the United States. If the Union was to be abandoned either with or without force, which I thought a very impolitic measure, I wished, if possible to rescue, preserve and perpetuate the principles of the Constitution; this, I was not without hope, might be done in the new confederacy of States formed; when the conflict arose, my efforts were directed to as speedy and peaceful an adjustment of the questions as possible; this adjustment, I always thought, to be lasting, would have ultimately to be settled upon a constitutional basis, founded upon the principles of mutual convenience and reciprocal advantage on the part of the States on which the Constitution of the United States was originally formed; I was wedded to no particular plan of adjustment, except the recognition, as a basis, of the separate sovereignty of the several States with this recognized principle; I thought all other questions ought to adjust themselves according to the best interest, peace, welfare and property of the whole country, as enlightened reason, calm judgment and a sense of justice might direct; this doctrine of the sovereignty of the several States is a self-adjusting, regulating principle of our American system of State government, extending, possibly, over the continent."

Stephens acknowledges that his opinions as to the paramount sovereignty of the States have undergone no change. Of the right of the States to withdraw from the Union, he says:

> My convictions on the original abstract question have undergone no change, but I accept the issue of the war.

That is to say nothing has been decided except that the Southern States had not power to overcome the Government by force. "The issue of the war" is accepted for the present of necessity, but the right of secession remains!

Are men who hold such opinions as these fit to be entrusted with the control of this Government? And if Stephens and his fellow rebels are not to be trusted, why should Northern Copperheads be confided in? There is not a jot of difference in the sentiments they profess. The Democratic candidates in this State talk precisely as if they had been brought up at the feet of the rebel apostle, A. H. Stephens.

A $40,000 Swindle.

In 1853, while the diddler and swindler O'Meara was a candidate for State Printer, the fact came out—*O'Meara admitting it*—that he had been a silent partner in the public printing of California. O'Meara complained that while he was such partner Gov. Bigler vetoed a private bill making an appropriation of FORTY THOUSAND DOLLARS for printing in which O'Meara was interested.

An extract from the Sacramento *Union* of that year, stating the amount which the public printing of California cost then, may be interesting to show how O'Meara made it pay to be a partner in the public printing:

> "STATE PRINTING.—The present Legislature claims to be in favor of retrenchment and reform. So its friends say; so have many members on the floor said. And now that the Senatorial question is over, and it can get down to its work, we propose to show that body, wherein it can save to the State, $75,000 to $100,000 a year. According to the Controller's report, the State Printing for the past eighteen months—which included but one session of the legislature—cost the sum of $242,459 75.
>
> If then, this Legislature desires the welfare of the people, desires not to increase the State debt, or double the taxes; if it desires to keep the current expenses of the Government within the revenue, let it at once and without delay, raise a committee to remodel this bill."
>
> Who will move in this matter? *Here is the largest leak in the State Treasury*. What man among you will raise a hand to stop it?"

O'Meara, as a partner in the public printing, *leaked* the Treasury, as the *Union* said, to the tune of "$75,000 to $100,000 a year."

FORTY THOUSAND DOLLARS was the amount O'Meara and partners attempted to *leak* by means of a *private relief bill*, which Governor Bigler vetoed on the ground that the claim was without foundation and was a dishonest one.

TWO HUNDRED AND FORTY THOUSAND, FOUR HUNDRED AND FIFTY NINE DOLLARS AND SEVENTY-FIVE CENTS, was the amount which O'Meara and partners drew out of the Treasury in "eighteen months," according to the figures of the State Comptroller.

SEVENTY FIVE TO ONE HUNDRED THOUSAND DOLLARS of this amount was LEAKAGE which went into the hands of the public printer with whom O'Meara claimed in 1853 to have been a partner.

The veto of the FORTY THOUSAND DOLLAR SWINDLE by Governor Bigler was the occasion for O'Meara to abandon the Democratic party, and to go over to the Knownothing candidate, J. Neely Johnson.

"ACCESSIONS."—The Democracy make loud boasts, long boasts and frequent boasts of large "accessions" to their party. This has been the story at every election and yet election day regularly disproves it. In the way of "accessions" we can mention at least ten within a stone's throw of the *Herald* office who either did not vote at all at the Presidential election in 1864, or voted for McClellan, *who will at the coming election vote the straight Union Ticket*. We do not believe the *Herald* can mention that many "accessions" to the Democracy in the whole city.

A highly important decision has been rendered by Judge Bland Ballard in the U. S. Circuit Court for Kentucky. It is the right of the U. S. officials indicted by the State Courts for refusing to allow rebels to vote, to transfer their cases to the U. S. Courts and thus puts a check to the vexatious litigation instigated by secessionists.

Their Object.

Ask a Democrat if he is in favor of a restoration of the Union, and he unhesitatingly answers, "Yes."—*Herald.*

Two years ago when Democrats were asked if they were in favor of a restoration of the Union they unhesitatingly answered "We don't believe in coercion, we're agin this damned Abolition war." In 1861, when the *Herald* editor, (who is now clamoring for a restoration of the Union because he perceives that restoration on the Democratic plan would restore traitors to power) was asked if he was in favor of restoring the Union, he answered:

> *I can give no aid in the re-union dissolved never to be re-united. Why not let the Southern States go out peaceably?*

It is not a restoration of the Union which the *Herald* editor is anxious for; the unveiling traitor is trying to reunite the forces of the Copperheads and the Southern rebels, so as to form a great party and govern the nation they so nearly destroyed.

It will be remembered that 1853, Kelly and O'Meara bolted the Democratic organization and ran together on the National ticket, a large proportion of their supporters being *Knownothings*. The *Statesman* of that year said of Kelly:

> We understand on the best authority that Col. Kelly has said his reason for leaving the Democratic party was wholly *personal*—THAT THEY WOULD GIVE HIM NOTHING.

That is Kelly's style precisely—if the party wont give him something, an office, he leaves it on "personal" grounds. An inveterate office-seeker, he has been on all sides, hunting for the spoils of office and has no more regard for *principles* about which he howls so much, than has O'Meara, who abandoned the Democracy of California, SUPPORTED THE KNOWNOTHING CANDIDATE, JOHNSON, and received a petty office as his reward. Either of them would flop over in twenty four hours, to any party or faction which could and would guaranty them an office.

Indian Troubles in Montana.

The Helena (Montana) *Radiator*, of the 28th ult., publishes the following from letters which the editor has seen:

The Blood Indians made a descent on Sun river and cleaned the valley of horses, not leaving one, and lassoed one of my yearling calves at night, so as to have grub to go home on. April 5th, Jerry Mann and stock arrived at the Farm that night; his party had twenty-two head of horses and mules stolen. April 9th—while Mann's train was encamped on the Teton, two of his men got into a difficulty, resulting in one being shot dead and the other mortally stabbed, (names not ascertained). The train was intending to move on to Milk river, but the Blood camp being on their route, they say, it must have been taken in. April 1st—Indians in large numbers trading at the Fort; Piegans, Gros Ventres, Arrapahoes, and some Crows and one Blood Indian, one of that party who killed the two white men on Yellow Stone this winter, who boasted of it, and said the whites were squaws, &c., but he got his just reward; while in the act of leaving, he was shot dead by a white man. The Bloods have learned about the hanging and killing of the four Indians on Sun river.

They say they will kill every white man they can and steal his stock. Already a war party has started to watch the Muscle Shell route. On the night of the 13th inst. I arrived here (the Dearborn river) and, hay being scarce, had to turn the horses out. That night before we went to bed we heard something around the corral where the ranch horses were, they had been in the habit of corralling until bed time and then turned the stock out, and as they went to turn them out they heard the Indians. They then kicked the horses in the coral. It being very dark I could not find mine or those that I had with me. Next morning early, I found they were stolen. Myself and one man followed their trail and found one dead—stabbed in the side with a butcher knife, a mile or two further on we found another stabbed but yet alive. We still followed on with the hope of overtaking them before crossing Sun river near the forks, but our horses giving out we were compelled to return. Everybody who can leave is doing so. Benton City keeps up a guard day and night. I shall leave in two days for some safer place.

The above is taken from a letter written by Mr. J. B. Morgan on the 15th inst., from Dearborn river, just after his return from the Sun river country. The other letter, written by F. H. Decker, from the St. Peter Mission on the 22d inst., states that the Indians had killed one man, and had butchered ten cattle, belonging to Mr. Morgan, and six belonging to the Mission. They had been compelled to stop work on a bridge they were building on Sun river. The murdered man was shot twice with guns and six times with arrows, then stripped and scalped. The writer thinks that, with two hundred men he could whip the whole Blood nation.

PARDON HIM.—A late issue of the Petersburg *Express* contains the following: "We have intelligence direct from Toronto, Canada, where General Breckinridge is now residing. He says that his health is good, but that care is making its mark upon the handsome and intellectual face with which nature blessed him. Four years ago his hair was black as jet, now it is hoary. He is weary of exile and anxious to return to his home and friends. In the hope of accomplishing this end, ex-Gov. Price of New Jersey, a warm personal friend and colleague of the General's, in the Congress of the United States previous to the war, has proceeded, or will shortly do so, to Washington and have an interview with the President. We trust that the President will accede to the request. His relations with Mr. Breckinridge, previous to the late political estrangement, we have been informed, were quite friendly if not positively cordial. Besides there is no charge against Breckinridge that we are aware of. All the political prisoners, save two, have been released from confinement—Mallory, Stephens, Seddon, Hunter, Judge Campbell—all except the President and Judge Clay. Why keep Gen. Breckinridge in exile? We can see no reasons for so doing, and doubtless the President will consent that he may return to his home, his family and friends."

CLAY AND VALLANDIGHAM.—The New York *Tribune* of April 18th says:

> "It was difficult to make Congressmen believe this morning that the President had released C. C. Clay, but when the statement gained confirmation by a dispatch from Fortress Monroe announcing his release, there seemed to be but one opinion as to the proceeding, inasmuch as Congress had his case, at the time, under special consideration, as was well known by the President. This evening's *Constitutional Union*, supposed to reflect the Executive opinion, has the following concerning Clay's co-prisoner and rebel co-patriot:
>
> "There is high authority for saying that the efforts now believed to be in progress by the Military Bureau of Justice to secure the trial of Jeff. Davis by Court martial will prove abortive, all such trials being stopped by the peace proclamation, and the President and Seward being opposed in toto to such a proceeding."
>
> Vallandigham called on Thad. Stevens to-day, and in course of conversation stated that if the President did not immediately begin to appoint Democrats to office he could not retain the adherence of a single Democrat three weeks longer."

NORTHERN AND SOUTHERN REBELS WORKING TOGETHER.—A dispatch dated at Washington, April 18th, has the following:

C. L. Vallandigham held a levee in the reception room of the House yesterday, and most of the Democrats paid their respects to him. S. S. Cox was on the floor this afternoon. These two, with Dan Voorhies and Alex Stephens are now the recognized lobbyists of the President's policy.

Much indignation is felt at the conduct of Alexander Stephens. He seems to have constituted himself a judge of all measures before Congress and its various committees, freely pointing out what the South will or will not agree to, and acting generally as if Congress was in power by the toleration of the South. After reading his evidence given before the Reconstruction Committee, one of the ablest Judges of Ohio remarked, "If I was Andrew Johnson I would put him on trial for treason and hang him upon his evidence."

A REAPPEARANCE.—A Waterloo soldier who was supposed to have fallen in a battle and accordingly for fifty years had his name inscribed among the heroes of that action, has suddenly risen from the dead. It appears that one William West, a private in the Nassau force, then attached to the English army, disappeared in the battle and, naturally enough was numbered among the dead. Very recently, however, the identical individual returned from America, whither he had emigrated, if not in the moment when the battle began, at least before it was over, and his regiment mustered. At his own request his name has been erased from the monument at Wiesbaden, where it had figured for half a century among the victims of the Nassau contingent.

EX GOV. BROWN, of Georgia has recently written a letter in which he dwells with some detail upon the local legislation needed to protect the freedmen of the State in the enjoyment of personal security of the fruits of their labor. He objects to class legislation and proposes to bring them within the pale of the civil law by a simple statute, excluding them, however, from the jury and the ballot. He urges the Legislature to take this course and just course in order to avoid the appearance of injustice which special legislation for a class inevitably leads to.

ABOUT PETROLEUM.—The quantity of oil produced in 1864 was 2,000,000 barrels, or 80,000,000 gallons, of which 28,000,000 gallons were exported. The average production during the year was 5,000 barrels per day. At present the product is 6,000 barrels. Canada produced in 1862 about 300 barrels a day. The oil lake of Trinidad, West India Islands one mile from the coast, is a basin of bitumen, nearly three miles in circumference, and it is estimated that the lake is capable of producing 100,000,000 gallons of oil, of which 30 gallons, if employed to generate steam for is deemed equal to one ton of coal.

LOSS OF LIFE IN THE LATE WAR.—According to the most reliable official report the number of persons who lost their lives in the service from the beginning to the close of the war is 280,739. Of this number 90,107 were either killed or received wounds from which they died in battle and 184,739 died of diseases incident to military life. The number of rebel lives lost is not known, but in all probability is equal or exceeds the Union loss.

UNLAWFUL MARRIAGE.—Is there any person you would particularly wish me to marry, said a widow expectant to her dying spouse who had been somewhat of a tyrant in his day. Marry the devil if you will, was the gruff reply. "Oh, no, my dear," rejoined the wife, you know it is not lawful to marry two brothers."

The President has much to say about "political exigencies." He was elected Vice President to meet an exigency, he became President by an exigency, has made several maudlin speeches to Copperheads on an exigency, and is almost ready to disperse Congress on an exigency.

Col. Seaton, of Washington, so long connected with the *Intelligencer*, when that paper was the pioneer of the land is said to be lying at the point of death. His disease is cancer on the face.

The amount now in the treasury of the Lincoln monument association is reported to be a fraction short of $80,000.

The American income tax, $251,030,000; English income tax, $41,50,000.

THE REASON WHY.—The Syracuse *Journal* explains the vote of Senator Morgan, which was unexpectedly given for the Civil Rights bill over the President's veto. The *Journal* says:

> It was generally expected here that Senator Morgan would vote to sustain the veto, and that the Collector would be named to suit him. The vote of the Senator for the bill and against the President, was a surprise but it is now accounted for, and not unreasonably. We hear the facts stated as follows: On Monday, April the 2d, the President promised Senator Morgan that on the next day Mr Depew should be appointed. But the nomination was not made on that day, and on Wednesday the Senator sent an inquiry to the President regarding the matter, which was answered to the effect that the nomination could not be made till after the vote on the veto, for the reason that if made sooner Senator Lane of Kansas, would not stand by the veto. (This is explained by the well known fact that the Kansas Senator wants Henry R. Davis for Collector.) The President's course in the matter, involving a breach of faith on his part, was not at all to the mind of the New York Senator (Morgan) who had agreed with his colleague (Harris) on a candidate for Collector (Depew), and he therefore felt himself at liberty to vote on the Civil Rights bill according to his convictions and the wishes of the people of his State. We are certain this statement of facts is substantially correct."

As the President has since appointed Mr. Smythe both Senators Morgan and Lane were disappointed—the latter badly sold.

ALLEN'S LUNG BALSAM!

The Remedy for Curing
CONSUMPTION, COUGHS, COLDS,
Asthma, Croup,
Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD, heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it if only taken in time.

Sold by all Druggists. Price $1 per bottle.

Prices Greatly Reduced

LEFFEL'S
American Double Turbine Water Wheel

IS NOW MANUFACTURED BY THE OREGON IRON Works, in the city of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require, measure your water in the following way. Take the width of the stream, the average depth, and the distance it flows in a minute.

All the wheels now in use give universal satisfaction. Both the construction of the wheel and its performance commend it to the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light and can be easily packed into the mountains. Wheels weighing from 160 to 300 pounds will yield from 10 to 40 horse power, under a head of 25 to 50 feet. They are the cheapest wheel to set up known, as they are so arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them or send for a circular to

DR. CHAS. H. TOZER'S PRIVATE MEDICAL INSTITUTE,

N. E. Cor. Jackson and Kearney Sts.,
SAN FRANCISCO.

THE GREAT ERADICATOR OF SPECIAL COMPLAINTS, FORMERLY OF LOCKE HOSPITAL, LONDON, EIGHT YEARS IN SACRAMENTO, AND THE LAST THREE YEARS IN SAN FRANCISCO.

DR. TOZER'S

Experience is of forty years standing, and during that time has met with unparalleled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar, some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self Abuse. The brain being the seat of the disease the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache, and an Aversion to Genial Society, especially that of females. There are a great many more, but these are [illegible] and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short [illegible] out any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases

In all their various forms, either Primary, Secondary, or Hereditary, completely eradicated from the system, the constitution being restored to perfect health, there will be no danger of handing down to your c[illegible] that terrible disease known as Scrofula.

Syphilitic Disease

As it presents itself on this coast, is of a more [illegible] character than that seen in the Atla[illegible] arising from the fact of its being a co[illegible] Chinese and Sandwich Island disease. [illegible] have visited the two latter countries no doubt have seen the dreadful effects of it on both the native and foreign population. It requires altogether different mode of treatment.

The Old Formulas

Of Ricord, Actel and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think that I may say without boasting that I have seen more [illegible] these diseases than any other physician in Cal[illegible] dating as it does from 1849. my Handsome Brick

compelled to announce for
the benefit of the public, that

JACOB MAYER

Leased the building of me Feb. 17,
1862, for a term of years, at which
time there was no such currency in
vogue, and it was understood the terms
were Cash. Since the date above stated, I
have received the depreciated currency regu-
larly for the rent of the

making less than two fifths of the real amount
said Mayer was to pay. He had secured the
building at very advantageous rates, and
even were he now to comply with his con-
tract, and pay in Coin, would be getting
the best bargain in the city. I make
this statement to show the public
what kind of a man he must be to
take such undue advantage of
the times to convert a few dol-

much it costs to have
